

About Us

Who We Are

Based in Plymouth, Minnesota, Intelligere™ has provided interpreting and translation services in Minnesota and the surrounding areas since 1979. With an emphasis in healthcare services, highly skilled interpreters provide professional, high quality interpreting for over 100 spoken languages and American Sign Language (ASL). Providing high quality interpreting solutions bridges the communication gap between patients and providers, creating a positive service experience and improving the ability to provide the best patient care possible. Intelligere is led by Sharon Stein, chief executive officer. Click [here](#) to view Mrs. Stein's professional background and bio.

What We Do

More than 90% of Intelligere's interpreting assignments are in the healthcare industry. Hospitals, clinics and other clients benefit from the following services offered by Intelligere:

- **Onsite Interpreting:** Includes spoken language interpreting for more than 100 languages and American Sign Language (ASL). Interpreter requests, including emergency requests, are handled by trained staff 24/7.
- **Telephone Interpreting:** Intelligere offers telephonic interpreting for more than 200 languages and ASL via a toll free number. Services are available 24/7.
- **Video Remote Interpreting (VRI):** Using computer or tablet devices, trained staff can provide VRI in 17 languages with Spanish and ASL offered 24/7.
- **Document Translation:** Translation of collateral materials and other documents are completed in 2-7 business days using a single point of contact.

Professional Affiliations & Certifications

- Over 70% of Intelligere Spoken Language Interpreters have 40-plus hours of cross-cultural training (with an emphasis in healthcare).
- 100% of Intelligere ASL interpreters are nationally certified.
- Intelligere is a member of the following professional organizations: Minnesota Registry of Interpreters for the Deaf, Registry of Interpreters for the Deaf, Minnesota Association of Deaf Citizens, Association of Language Companies and The Interpreting Stakeholder Group.
